About McMahan and Company

Welcome!

McMahan and Company was established in October of 1996

We Believe:

...foremost the customer comes first.

...a business should be run with integrity.

...in treating our customers, suppliers and employees with fairness, honesty and respect.

...in precision work.

As a company we are motivated to succeed through our own resources and proud to be a Wisconsin company.

Our products are developed to our strict specifications using state of the art components. We take pride in our millwork and are pleased to distribute *"Millwork with a Personal Touch."*

Door Specifications

MaC Entry Systems Include:

Your selected door design, 4¹/₁₆" primed exterior door frame, high-dam sill, compression weatherstrip and (3) 4 x 4 zinc dichromate hinges.

Door will be bored for a lockset with a 2¹/₈" face bore and a 2³/₄" backset. All doors will have a door sweep attached. Mortise edge prep on steel doors will be square edge. All wood edge doors will have a radius mortise edge prep.

Continuous Head, Sill and Mull System

Utilizing a continuous head, sill and one piece ("Fatboy") mull assembly maximizes the stability and rigidity of any sidelite unit. This continuous system also simplifies assembly and virtually eliminates racking and bending of the unit.

Note: Mill (aluminum) finish is standard on all sills. Brass or Bronze finishes are available for an additional up charge.

High-Dam Adjustable Sill

High-dam sill creates a positive barrier to water infiltration. The high-dam design feature holds back the inevitable rise in the water level against the threshold as wind speed increases. Combining high-dam technology with a high quality bottom seal, securely protects the bottom of the door unit from air and water infiltration.

The adjustable cap feature allows for easy field adjustments. High quality metallic and composite materials are featured for rot-resistance and protection against harsh weather conditions. Fixed bumper and low-profile designs are also available to meet outswing or handicap accessible applications

High-Performance Weatherstrip

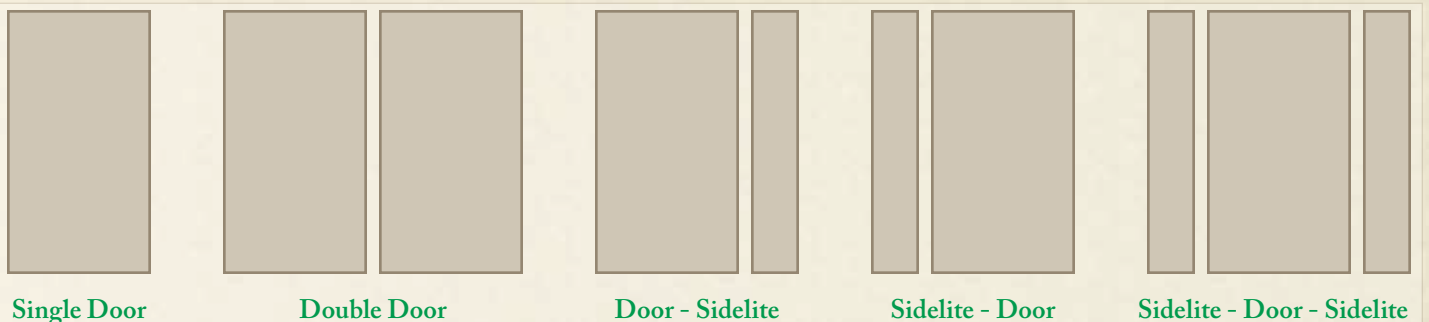

Vinyl-wrapped, foam filled, compression weatherstripping and corner seals are added to the door frame providing protection against air and water infiltration.

Prefinish Your Door *Paint Color Selection*

McMahon and Company's Platinum Exterior Finishing Program

McMahon and Company has developed a high quality exterior finishing system to meet the décor of your home.

You can choose from one of our 30 standard colors, or we can custom match a color of your choosing. Please provide your Dealer Representative with a color for us to match.

Belleville® Smooth • Door BLS-2P Roman

					
White	Shark	Olive Gray	Emerald City	Crushed Cinnamon	Simply Elegant
					
Eggshell	Early Evening	Sandstone	Still Searching	Hunt Club Red	Sueños
					
Almond	Light Gray	Beige	Sea Glass	Tampico Brown	Cenote
					
Bahama Brown	Slate Gray	Conservation	Forest Green	Wineberry	Hacienda Talavera
					
Bronze	Weatherwood	Terratone	Grapevine	Rich Clay	Blue Lava

Paint colors are approximate and may vary in appearance to printed materials.

Masonite® Fiberglass Door Stain Kit

Choose from six distinct colors and customize the shade of your door from light to dark to suit your needs. Finish the project by applying the UV resistant clear satin polyurethane for years of protection and beauty.

- ZAR® exterior water-based polyurethane (Qt.)
- ZAR® wood stain (Pt.)
- Mineral spirits (4 oz.)
- Two 2" foam brushes
- One 2½" synthetic bristle brush
- Cheese cloths
- Two stir sticks
- One pair of latex gloves
- Door staining instructions

Barrington® Craftsman Mahogany Textured
• Door BCM-226-BS1-3 • Sidelites BCMSL-610-BS1-1

With each stain color, a variety of shades can be achieved, light to dark.

	Cherry	Danish Walnut	Early American	Fruitwood	Teak Natural	Dark Mahogany
Light						
Medium						
Dark						

Stain colors are approximate and may vary in appearance to printed materials.

There's More Than One Way to Save a Frame

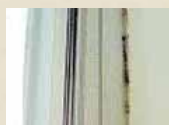

Total Frame Defense™ is achieved by treating the entire door frame - *Top to Bottom.*

Our product protects against:

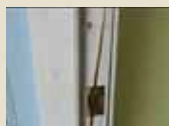

- *Mold & Fungi*
- *Splitting & Checking*
- *Warping & Twisting*
- *Water Damage Rot & Decay*

Features

- Our products are fully treated so the entire frame is protected, not just the last few inches.
- Total Frame Defense™ Finger-joint products are primed with a high quality acrylic primer.
- Total Frame Defense™ products may be finished with latex, acrylic or oil-based paints.
- Products available with our Total Frame Defense™ Warranty include door frames, brick mould, and mull posts.

Mold Damage

Splitting Checking

Warping Twisting

Water Damage Rotting
