McMahon and Company  
*Wholesale Distributors*

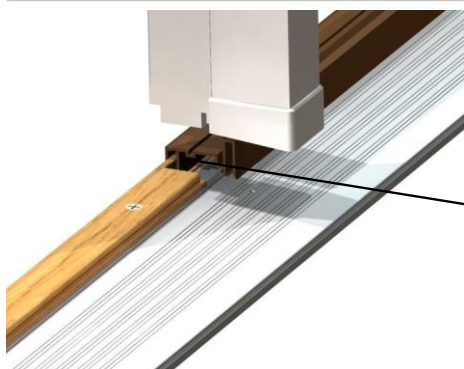

MaC Entry Systems include your selected door design, 4-9/16" primed exterior door frame, primed brickmould, high dam sill, compression weatherstrip, (3) 4 x 4 zinc dichromate hinges. Door will be bored for a lockset with a 2-1/8" face bore and a 2-3/4" backset. All doors will have a door sweep attached. Mortise edge prep on steel doors will be square edge. All wood edge doors will have a radius mortise edge prep.

**Continuous Head, Sill and Mull**

Utilizing a continuous head, sill and one piece ("Fatboy") mull assembly maximizes the stability and rigidity of any sidelite unit. This continuous system also simplifies assembly and virtually eliminates racking and bending of the unit.  
Note: Mill (aluminum) finish is standard on all sills. Brass or bronze finishes are available for and additional upcharge.

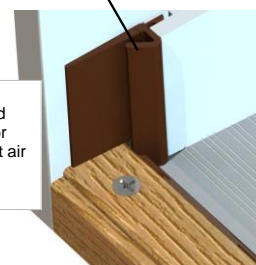

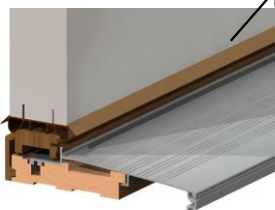

**High-Performance Weatherstrip**

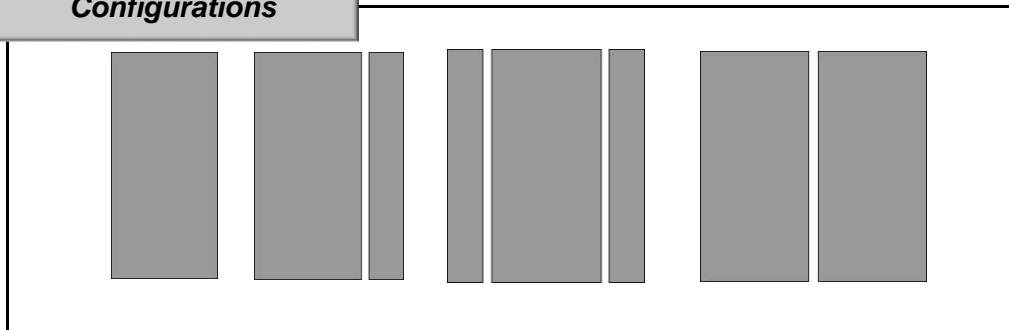

Vinyl-wrapped, foam filled, compression weatherstripping and corner seals are added to the door frame providing protection against air and water infiltration

**High-Dam Adjustable Sill**

High-dam sill create a positive barrier to water infiltration. The high-dam design feature holds back the inevitable rise in the water level against the threshold as wind speed increases. Combining high-dam technology with a high quality bottom seal, securely protects the bottom of the door unit from air and water infiltration. The adjustable cap feature allows for easy field adjustments. High quality metallic and composite materials are featured for rot-resistance and protection against harsh weather conditions. Fixed bumper and low-profile designs are also available to meet outswing or handicap accessible applications.

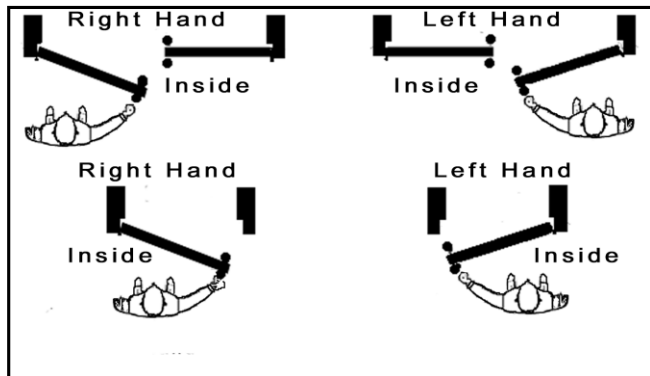

**Configurations**

## Sill Options

### High Dam Composite Sill Standard

#### Oak Sill Option

#### Bumper Outswing Sill Option Deduct 3/4" from Rough Opening

#### Low Profile Sill Option Deduct 1" from Rough Opening

For Painting Steel or Fiberglass Door			
Items	Panel/Flush Doors Without Door Lites	Panel/Flush Doors With Door Lites	Sidelites
Painted Both Sides The Same Color	225.00	270.00	135.00
One Side One Color Different Color On The Other Side	295.00	330.00	190.00
When The Door Has A Glass Lite, The Surround Will Be The Same Color As The Door Face			
For Staining A Fiberglass Door			
Items	For Fiberglass Doors Without Door Lites	For Fiberglass Doors With Door Lites	For Fiberglass Sidelites
Fiberglass Door Stained Both Sides The Same Color	275.00	310.00	150.00
Fiberglass Door Stained One Side One Color Different Color On The Other Side	340.00	375.00	200.00
Fiberglass Door Stained One Side Painted On The Other Side	285.00	320.00	170.00
<b>To Paint The Wood Exterior Frame Around The Door Add \$110.00 List</b>			
Not Specifying A Frame Color Will Result In The Frame Being Shipped Primed Only			

**Note: Stain Color may vary from Factory Finish. Factory Finish can Vary, Toning is held as closely as possible**

**Pre-Finishing Charges and Lead Time**

Review Color Charts for Color Selection  
Select the Color And Request A Proof Sample To Be Sure The Color Matches Your Needs.

When The Door Has A Glass Lite, The Surround Will Be The Same Color As The Door Face

**MaC Factory Stain Colors Available:**

**Standard Colors 2-3 Week Lead Time**

McMahon & Company Will Match To Your Color, Please Call Our Customer Service Department For Information  
Samples Are Sent For Confirmation The Color Is Exactly As Required, Signed Verification Returned Before The Unit Can Be Produced

**Special Note:** Placing Plastic Frames Behind A Storm Door Or Painting A Dark Color Can Result In Warping And Twisting  
Extremely High Heat Conditions, Some Distortion Or Warping Could Occur. This Type Of Application Will Void The Limited Warranty.  
All Glass Lite Frames Are HP (High Performance) And Are Designed To Obtain The Best Sun UV and Heat Resistance To Cracking Or Warping

**Finish Paint Colors Will Vary From Clad Frame Colors, Processes And Paint Material Are different In Each Application**

**Care and Maintenance of Prefinished Exterior doors:**

**Paint Finish:** Surface should be washed with warm soapy water with minimal rubbing.

**Stained Finish:** After one year, homeowner should apply a clear coat of exterior UV inhibitor poly Urethane on outside of door to prevent from flaking or peeling. this should be repeated every one to two years to prevent fading or flaking because of sun damage. McMmahon and Compnay's stained exterior doors are not considered a maintenance free finished product. Finishes left without maintenance will show signs of fading or peeling and are not considered a manufacturer's defect.

All dark surfaces will eventually show some fading.

A one year warranty will be given on painted or stained doors against peeling or flaking of all finished coats.

**Excluded in warranty:**

- \* Poor Factory primer that peels
- \* Sun damage due to exposure, especially on dark painted and stained surfaces
- \* damage casued by heat buildup between door and storm door
- \* All plastic surrounds
